**Throw Team-Mate** : A player with this skill has the ability to throw a player from the same team instead of the ball! (This includes the ball if the player thrown already has it!) The throwing player must end the movement of his Pass Action standing next to the intended team-mate to be thrown, who must have the Right Stuff skill and be standing. The pass is worked out exactly the same as if the player with Throw Team-Mate was passing a ball, except the player must subtract 1 from the D6 roll when he passes the player, fumbles are not automatically turnovers, and Long Pass or Long Bomb range passes are not possible. In addition, accurate passes are treated instead as inaccurate passes thus scattering the thrown player three times as players are heavier and harder to pass than a ball. The thrown player cannot be intercepted. A fumbled team-mate will land in the square he originally occupied. If the thrown player scatters off the pitch, he is beaten up by the crowd in the same manner as a player who has been pushed off the pitch. If the final square he scatters into is occupied by another player, treat the player landed on as Knocked Down and roll for Armour (even if already Prone or Stunned), and then the player being thrown will scatter one more square. If the thrown player would land on another player, continue to scatter the thrown player until he ends up in an empty square or off the pitch (i.e., he cannot land on more than one player). See the Right Stuff entry to see if the player lands on his feet or head-down in a crumpled heap!

**Dodge** : A player with the Dodge skill is adept at slipping away from opponents, and is allowed to re-roll the D6 if he fails to dodge out of any of an opposing player's tackle zones. However, the player may only re-roll one failed Dodge roll per turn. In addition, the Dodge skill, if used, affects the results rolled on the Block dice, as explained in the Blocking rules (see page 10.)

**Thick Skull** : This player treats a roll of 8 on the Injury table, after any modifiers have been applied, as a Stunned result rather than a KO'd result. This skill may be used even if the player is Prone or Stunned.

**Guard** : A player with this skill assists an offensive or defensive block even if he is in another player's tackle zone. This skill may not be used to assist a foul.

**Bone-head** : The player is not noted for his intelligence. Because of this you must roll a D6 immediately after declaring an Action for the player, but before taking the Action. On a roll of 1 he stands around trying to remember what it is he's meant to be doing. The player can't do anything for the turn, and the player's team loses the declared Action for the turn. (So if a Bone-head player declares a Blitz Action and rolls a 1, then the team cannot declare another Blitz Action that turn.) The player loses his tackle zones and may not catch, intercept or pass, assist another player on a block or foul, or voluntarily move until he manages to roll a 2 or better at the start of a future Action or the drive ends.

**Loner** : Loners, through inexperience, arrogance, animal ferocity or just plain stupidity, do not work well with the rest of the team. As a result, a Loner may use team re-rolls but has to roll a D6 first. On a roll of 4+, he may use the team re-roll as normal. On a roll of 1-3 the original result stands without being re-rolled but the team re-roll is lost (i.e., used).

**Catch** : A player who has the Catch skill is allowed to re-roll the D6 if he fails a catch roll. It also allows the player to re-roll the D6 if he drops a hand-off or fails to make an interception.

**Pass** : A player with the Pass skill is allowed to re-roll the D6 if he throws an inaccurate pass or fumbles.

**Frenzy** : A player with this skill is a slaving psychopath who attacks his opponents in an uncontrollable rage. Unless otherwise overridden, this skill must always be used. When making a block, a player with this skill must always follow up if he can. If a 'Pushed' or 'Defender Stumbles' result was chosen, the player must immediately throw a second block against the same opponent so long as they are both still standing and adjacent. If possible, the player must also follow up this second block. If the frenzied player is performing a Blitz Action then he must pay a square of Movement and must make the second block unless he has no further normal movement and cannot Go For It again.

**Mighty Blow** : Add 1 to any Armour or Injury roll made by a player with this skill when an opponent is Knocked Down by this player during a block. Note that you only modify one of the dice rolls, so if you decide to use Mighty Blow to modify the Armour roll, you may not modify the Injury roll as well. Mighty Blow cannot be used with the Stab or Chainsaw skills.

**Block** : A player with the Block skill is proficient at knocking opponents down. The Block skill, if used, affects the results rolled with the Block dice, as explained in the Blocking rules.

**Wrestle** : The player is specially trained in grappling techniques. This player may use Wrestle when he blocks or is blocked and a 'Both Down' result on the Block dice is chosen by either coach. Instead of applying the 'Both Down' result, both players are wrestled to the ground. Both players are Placed Prone in their respective squares even if one or both have the Block skill. Do not make Armour rolls for either player. Use of this skill does not cause a turnover unless the active player was holding the ball.

**Tackle** : Opposing players who are standing in any of this player's tackle zones are not allowed to use their Dodge skill if they attempt to dodge out of any of the player's tackle zones, nor may they use their Dodge skill if the player throws a block at them and uses the Tackle skill.

**Sure Hands** : A player with the Sure Hands skill is allowed to re-roll the D6 if he fails to pick up the ball. In addition, the Strip Ball skill will not work against a player with this skill.
